September 2010

Dear Parent or Guardian:

Enclosed you will find information regarding the No Child Left Behind Act and educational options for you to consider. No Child Left Behind, the education reform bill passed by the United States Congress in 2002, focuses efforts on increasing student achievement, teacher quality, and accountability for results.

The Cleveland Metropolitan School District strongly supports the goals of No Child Left Behind. We expect that all of our children will succeed in a rigorous curriculum, all teachers will be highly qualified and dedicated to student success, and every school will strive to be a high performing school.

Your child's school is in School Improvement. Since the District has no in-district options for other schools and there are no options for Public School Choice outside of the District, your child is eligible for Supplemental Educational Services (Free Tutoring). You can now choose a free tutoring program that is best for your child.

This brochure includes important information about No Child Left Behind and your rights and responsibilities to ensure the academic success of your child. Please carefully review the information, which is specific to your child. The No Child Left Behind Office is accepting applications for eligible students in kindergarten through grade ten only for the 2010-11 school year.

Our continued partnership is essential to our children's academic progress. We look forward to your continued support in educating Cleveland's children.

Sincerely,

Eugene T. W. Sanders, Ph.D.  
Chief Executive Officer

Denise W. Link  
School Board President

## **Academic Achievement**

Under the Federal No Child Left Behind Act, (SCHOOL NAME) has been identified as in School Improvement status. This designation indicates that this school has not met the state's benchmarks on the state-mandated tests for two consecutive years.

In the 2009-2010 school year, (SCHOOL NAME) had the following passage rates on the state-mandated tests:

<b>State-Mandated Test Results for 2009-10 (Percent of Students Passing)*</b>	
<b>Reading</b>	<b>Mathematics</b>
<b>%</b>	<b>%</b>
<i>*These scores represent the combined passage rate of all grade levels taking the state-mandated tests at this school.</i>	

(SCHOOL NAME) and the Cleveland Metropolitan School District are committed to improving the academic achievement of students at this school. The following steps are being taken at (SCHOOL NAME) to ensure high achievement on the state-mandated tests.

- Standards-based lesson plans
- Extended time for literacy and math
- Extended Day Program (at selected grades and schools)
- Infusion of technology in the classroom
- Assistance from Ohio Department of Education

In addition to the above, the Cleveland Metropolitan School District is providing the school with the following technical assistance:

- Professional development of school staff
- Data analysis
- Partnership with colleges, universities, and businesses

## **Supplemental Educational Services (Free Tutoring)**

Many students benefit from additional help beyond the regular school day. Students in schools identified for School Improvement are eligible for free Supplemental Educational Services, such as after-school tutoring. Space in these programs may be limited. Priority must be given to students with the greatest academic need based on their state-mandated test scores. If you wish to choose Supplemental Educational Services, please refer to the inserts to select a service provider.

Please complete and mail the attached application in the enclosed envelope by Friday, October 22, 2010. **NO STAMPS NEEDED.** Applications will be processed on a rolling basis.

**IF YOU DO NOT WISH TO RECEIVE SUPPLEMENTAL EDUCATIONAL SERVICES (FREE TUTORING), NO FURTHER ACTION IS REQUIRED.**
