Attention CMSD Educators!

Join Us For the CTAG Hispanic Symposium Teacher Workshop Forum

The goal of the symposium is to heighten awareness and enlist the support and advocacy of multiple stakeholders for the Hispanic male student, who has the highest ratio of dropouts locally and nationally. By exploring the factors facing this targeted population, we can create an understanding of the barriers, both academic and non-academic, that have caused this alarming statistic.

Learn How To:

- Implement culturally responsive teaching strategies
- Promote adaptive learning orientations
- Maximize student engagement
- Develop high-quality teacher-student relationships
